AYUSH KUMAR
DESIGNER | DEVELOPER

+91-9724132257 | msdakm3334@gmail.com
613B-NCT-5, ChandigarhUniversity, SAS Nagar Mohali,140413

EDUCATION

2021 - 2025 | Chandigarh University
Bachelor of Engineering: Computer Science
CGPA: 8.89(till sem-3)

2008-2020 | Kendriya Vidyalaya Sangathan
- CLASS X: 66.2% (2018)
- CLASS XII: 79.4% (2020): Non-medical with computer science

PROFESSIONAL EXPERIENCE

Independent Project Developer | Freelance 2021 - Present

- I have developed Java Swing and Python Tkinter GUI applications.

- Implemented MERN stack and React.js projects, showcasing proficiency in modern web development technologies.

- Created various motion graphics projects for clients, showcasing creativity and proficiency in motion design.

- PPT templates in Canva || Slides Carnival

LATEST PROJECTS

Studify: A hub for campus connections and opportunities| link

Tech Stack: *MERN stack, Redux, Material UI elements*
- An advanced web application that encompasses all the functionalities of existing social media platforms, thereby eliminating the need for users to create and manage multiple accounts across different platforms.

Motion Graphics

Tech Stack: *Adobe After Effects, Adobe Photoshop, Adobe Premiere Pro*
- Product Videos
- Broadcast Graphics
- Visual Effects

I am currently in the process of developing my portfolio website to showcase various projects across different fields. I have chosen to use NEXT.js as the framework for this website. Additionally, my GitHub repository has been deleted, so instead of simply providing static code, I prefer to demonstrate the functionality and features of my projects. I anticipate completing the website by 2023.

CORE COMPETENCIES

- ✔ React Js
- ✔ Programming Languages JAVA || CPP || Python
- ✔ Databases and SQL
- ✔ Component-Based Development

- ✔ Problem Solving and Analytical Skills
- ✔ Agile software development
- ✔ Performance Optimization
- ✔ UI Frameworks

PROFESSIONAL SUMMARY

As a lifelong learner, I stay up-to-date with the latest industry trends and participate in coding competitions regularly. I am driven to achieve excellence in everything I do, and I am always looking for new challenges to improve my skills and expand my knowledge.

I have a deep understanding of various programming languages and development frameworks, with particular expertise in Python and Java.
